

BUSINESS-DRIVEN TECHNOLOGY CONSULTANTS

Xcelacore is a Chicago-based technology consulting firm. As a trusted partner, we help businesses implement technology to drive innovation with flexibility, quality, and for less.

Our Services

Cloud Development + Devops

With us, your move to the Cloud will be seamless. Xcelacore's expertise covers the full lifecycle of MVP launches, new app development, and the migration of platforms and applications.

Custom Software Development

Xcelacore brings together the right mix of business understanding and experts to design and architect extensible and scalable custom software solutions. Whether you're looking to build software, applications or integrations, we utilize our web and mobile technology experience to do it right the first time.

QA Testing & Automation

Don't spend valuable human resources. Automate the process and get more done with less. We are experts in Quality Assurance Automation. Xcelacore provides extensive experience in testing automation and leverages tools and a team of experts to speed up the development cycle.

Robotic Process Automation

Robotic process automation (RPA) is a software technology that makes it easy to build, deploy, and manage software robots that emulate human actions interacting with digital systems and software. Xcelacore can help get your employees back to innovating, interacting with customers, and bringing more value to your business.

E-commerce

Create an e-commerce site that closes the sale. We're experts in the technical backend systems and mechanisms as well as the aesthetics of the frontend. Our developers at Xcelacore can expertly create all the necessary components to effectively attract, convert, close, and retain customers.

Salesforce

Xcelacore tailors Salesforce solutions for your business. Transform and accelerate your ecommerce business, stay in sync with your customers, data, and goals, and give your B2B clients a personalized experience.

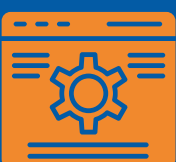

Cybersecurity Testing

Xcelacore's experts can help safeguard your applications from cyber threats with efficient security testing.

Wordpress Development

Trust our development team to deliver you a professionally designed and customized WordPress site that represents your business online and drives results.

Hosting + Maintenance

Xcelacore's managed hosting and maintenance plans offer peace of mind and assurance that your website will always be up to date and compliant. Reduce the time you need to spend maintaining your website and let us handle and prevent spam, hacks and errors.

About Us

Matching business objectives and requirements with technology strategies,

Xcelacore's focus is the design and implementation of technology solutions that drive businesses forward. Our experts provide a unique blend of business, technology, and marketing leadership that helps our clients navigate technology investments and implementation, increase ROI, and sustainability.

We always keep customer service top of mind and we strive to make sure we are adding value.

We bring management consulting level experience to mid-size markets at affordable prices.

Our project management and delivery methodology is proven to deliver results.
